Nick,

I would like to invite you, as well as all the members of your Town Board to attend a Public Information / Fact Finding Mtg. sponsored by the Countywide Ambulance Task Force appointed by the Greene County Legislature. The meeting will be held on Monday, February 24, 2014 at the Hunter Town Hall, 5748 route 23A in Tannersville, and will begin at 6:00 pm.

The meeting will focus on the needs and concerns of elected officials throughout Greene County and those elected officials that attend will be given preference in setting up the speaking order that night. Although the meeting is open to the public, Greene County elected officials will be heard first.

As the Task Force considers the implications and implementation of a county wide consolidated ALS/BLS and ambulance service for the Towns and Villages of Greene County, it was felt that input from those Towns and Villages was needed up front. The Public Hearing will allow members of the task force to listen to your concerns and ask questions of you about the day to day operations and funding of your EMS service, if you have one, or what you would like to see in a possible Countywide service, should one be created.

If you cannot attend this very important meeting, please note that the Task Force will be sponsoring two other meetings. One will be held on February 17, 2014 at the Emergency Services Center in Cairo, beginning at 6 pm, which is geared towards EMS providers, and the other will be on March 3, 2014 at the Catskill Central School, also starting at 6 pm, open to public comment.

We hope to see you at one or more of these public hearings so that the task force can get your valued opinion and continue its work towards implementing better emergency services for everyone in Greene County.

Sincerely,

Co-Chairs - County Ambulance Task Force Committee
